To take measurements, you can use a soft measuring tape (or a piece of string and a regular tape measure). Keep in mind that when you're measuring, you should have the tape measure or string snug, but not tight; you should be able to fit a finger under it.

CHEST/BUST: Women measure across fullest part of bust, keeping tape measure even to the floor around the back

Men measure under arms, across chest.

WAIST: Measure around smallest part of natural waist

HIPS: Measure around fullest part of hips

SLEEVE: Bend elbow, measure from center of back neck, across shoulder, down the arm, around point of elbow to the wrist bone.
